We hereby certify that we have examined the foregoing accounts and find them correctly cast and supported by proper vouchers.

JOHN M. LADD,
JOSEPH P. BATCHELDER,
Auditors.

March 1st, 1890.

REPORT OF THE SCHOOL BOARD.

To the citizens of Loudon : It is with pleasure that we report the general success of our schools in town. The exceptions are few. Some schools have been very prosperous. This has been the result where a wise teacher, obedient pupils, and parents who are interested, have all worked together for the interest of the school. Certainly as good citizens, we ought not to fail to watch with a jealous care the interest of our common school system. Next to the home influence stands the influence that clusters around our district schools. Every teacher has a grand opportunity to make true and indelible impressions on the minds of the children under his or her care. We can think of no position in life that is more trying than that of a teacher ; none that requires more tact, more patience, or more natural adaptation. Hence, in view of these facts, is it not our duty to give the teacher our best counsel, and in every *possible case* our entire support? With very few exceptions our pupils have had the advantage of twenty-four weeks school, and in order to continue this number of weeks in the future it will be necessary to raise a small sum of money each year above what is required by law ; also a small sum for the repair of school-houses.

The financial report of the secretary of the board will show what disposition has been made of the money raised one year ago. We have attended to those cases most needful. Some of the school-rooms have been made neat and attractive, and still others need to be made so. In accordance with a law passed at the last session of the legislature, all our scholars will be furnished with free text books. This will remove one more obstacle to the perfect success of our school system.

It will be the purpose of the present board to make the expense to the town as light as possible consistent with the requirements of the law and the interests of our schools.

In closing these brief remarks we would solicit your hearty co-operation in the management of our schools during the coming year. Let us not forget that our common school system is one of the foundation stones of our glorious nation.

WM. W. CATE,

GEO. W. ROWELL,

School Board of Loudon.

Loudon, Feb. 24, 1890.
